TRENCADÍS Marroquinería offers you the "Maintenance Certificate" for its high-end goods, especially the iconic bag CABAS TRENCADÍS in "patchwork" snakeskin that represent the philosophy of our brand, the combination of craftsmanship and modernity in the creation of exclusive goods.

Bolsos TRENCADÍS creates this certificate, a lifetime maintenance guarantee, with the desire to offer its customers a long-term conservation service that ensures the use of our artisanal products for generations and thus collaborating in responsible growth.

The customer will receive this guarantee certificate, associated with the manufacturing number, along with their product. This certificate will give them access, free of charge, to maintenance and repair, in relation to the wear and tear of the purchased piece, for an unlimited period and number of services.

Each "Trencadís" is unique, like exotic leathers, our goods and the people who wear them.
No two are the same

Bolsos TRENCADÍS.
