

## STATEMENT FOR THE PROTECTION OF ANIMAL WILDLIFE:

Manufactures Velasco, SL (Trencadís) policy is one of maximum respect for the diversity of animal wildlife.

For this reason, our products are only made with skins from animals that meet the requirements of the "Convention on International Trade in Endangered Species of Wild Fauna and Flora" CITES, signed in Washington on March 3, 1973.

Also skins from animals of non-protected species, as there is no risk or threat to their survival. In the case of skins from farm animals, only those from those that have been slaughtered in official slaughterhouses.

Since our beginning in April 2016, and although the law does not require us to do so, our company will acquire for commercialization, in the case of protected species included in the CITES agreement, only skins from animals from farms or fish farms, as a sign of respect for the diversity of wild animal life.
